

TO WHOM IT CONCERNS

Tiel, 19th of July 2018

Dear Madam, Sir,

By this letter we would like to state that Van Amerongen CA Technology BV is cooperating with the company Chechen Kholod, Avtorkhanova 28, Grozny, 364000, Russia. Chechen Kholod is able to supply, install and provide all kind of works related to the equipment of Van Amerongen for CA/ULO/ACR fruit storages.

Chechen Kholod can provide following services:

1. Production of refrigeration aggregates according to European norms
2. Proper selection of equipment - special fruit air coolers series.
3. Providing project design and the refrigeration equipment installation.
4. After sales service department and provision of spare parts from own stock
5. Installation of CA doors and other equipment
6. Experience in project realization of the highest complexity.

Next to this Van Amerongen CA Technology BV will provide the design of the CA/ULO/ACR (DCA) systems as well as the supervision of installation

The cooperation of Chechen Kholod Engineering and Van Amerongen can be the warranty of high quality of Your product and stable business for You.

VAN AMERONGEN CA TECHNOLOGY B.V.

Kind regards,

VAN CA technology
